Mr. Garry Bringhurst, Chairman  
Sanpete Sanitary Landfill Cooperative  
50 N. Main Street  
P.O. Box 650087  
Sterling, Utah 84665

**RECEIVED**

MAR 10 2008

UTAH DIVISION OF  
SOLID & HAZARDOUS WASTE  
08.00960

Dear Garry:

Enclosed for your use are three (3) copies each of the three Annual Reports for the White Hills, Chester Class IVb, and the Closed Chester Class II landfills. This letter is part of the annual report from the Cooperative, and should be sent to UDSHW along with one signed copy of each report. Rob Powers' address in Salt Lake City is:

Mr. Rob Powers  
Utah Department of Environmental Quality  
Division of Solid and Hazardous Waste  
P.O. Box 144880  
Salt Lake City, Utah  
84114-4880

The following paragraphs contain the Financial Assurance, Explosive Gas Monitoring, and Training reports requested on page 2 of each Annual Report.

## Financial Assurance

Closure and post-closure costs presented on page 2 of each report are increased by 1.029325 percent from the previous year's costs to account for inflation. The following Table lists the PTIF number, balance, and applicable facility of each trust account held for the Cooperative by the Utah State Treasurer's office as of February 22, 2008:

PTIF Number	Current Balance	Applicable Facility
0292	\$536.37	Chester Class II Closure
1341	\$90,419.20	Chester Class II Post-Closure
6125	\$86,263.26	White Hills Class I
6458	\$17,109.19	Chester Class IVb

The numbers reported in the preceding Table have the following implications:

1. Funds in PTIF accounts 1341 and 0292 are all available for post-closure care at the old Chester Class II landfill. The 2008 estimate for post-closure costs is \$68,807.29. The total of the two funds is \$90,955.57. Some of the surplus funds could be transferred to PTIF escrow accounts already established for White Hills Class I and Chester Class IVb landfills.
2. The total required for closure and post-closure costs at White Hills as of 2008 is approximately \$105,357.59. PTIF trust fund 6125 contains \$86,263.26.
3. The first installment of \$16,374.97 for the closure and post-closure cost estimate for the Chester Class IVb landfill was deposited in 2006. The deposit was used to activate PTIF account number 6458. The total requirement for 2008 is \$41,030.95, while the available balance is only \$17,109.19.

**Copies of the most recent PTIF account statements should be submitted to UDSHW with each of the Annual Reports. Refer to the preceding Table for applicability of each PTIF account.**

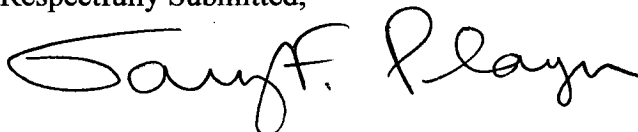

#### **Explosive Gas Monitoring Report**

Mr. Roger Foisy of the Central District of the Utah Department of Environmental Quality has generously provided gas monitoring services to the Sanpete Sanitary Landfill Cooperative for several years. Copies of his quarterly methane monitoring reports for 2007 (enclosed) should be attached to the copy of the White Hills Annual Report that is delivered to UDSHW. As in previous years, no methane has been detected at White Hills.

#### **Training Report**

Mrs. Rhonda Adair was scheduled for SWANA training in 2007. Unhappily, her father passed away a few days before her training, and she missed the class to attend his funeral. She will be attending another training session as soon as an appropriate class is offered to which she can travel.

Respectfully Submitted,

Gary F. Player  
Consulting Geologist  
Utah Professional Geologist No. 5280804-2250

Enclosures:

2008 (Calendar Year 2007) SOLID WASTE LANDFILL ANNUAL REPORT, White Hills Landfill, three copies each of two pages.

2008 (Calendar Year 2007) SOLID WASTE POST-CLOSURE CARE ANNUAL REPORT, Chester Class II MSWLF, three copies each of two pages.

2008 (Calendar Year 2007) SOLID WASTE LANDFILL ANNUAL REPORT, Chester Class IVb Landfill, three copies each of two pages.

White Hills Quarterly methane monitoring reports for 2007 by Roger Foisy of Utah DEH.

I understand that one signed copy of each Annual Report, with attachments, including the most recent PTIF statements for each landfill, will be forwarded to Mr. Rob Powers after signatures are applied by Mr. Garry Bringhurst. A second set of copies will be retained by Mr. Bringhurst, and the third set will be retained by Mr. Larry Hansen, landfill operator.

Email Address:

**Permit Information** To insure complete records and proper filing please complete the following.

Permit No.: 0305 C Permit Date: 2005  
(shown on the second page permit) (Date permit was effective)

**Post-Closure Care Status**

Date Post-Closure care began 12/31/2006  
(The date post-closure care began is the date that the landfill final cover construction was completed)

### Financial Assurance

Current Post-Closure Cost Estimate: \$68,807.29

Current Financial Assurance Mechanism: Trust Fund

(ie. Bond, Trust Fund, Corporate or government Test etc.)

Financial Assurance Mechanism Holder: PTIF 1341

(ie. Name of Bond Company, Bank etc.. If PTIF Account give account number)

Current Amount or Balance in Mechanism: \$90,419.20

**Financial Assurance:** Each facility must recalculate the cost of closure and post-closure care to account for inflation and design changes each year. The inflation factor can be found on the Division web page. Facilities that are using a trust account should include a copy of the most recent account statement.

**Note** Facilities using "Local Government Financial Test" or the "Corporate Financial Test" must provide the information required in R315-309-8(4) or R315-309-9(3) each year.

### Other Required Reports

**Cover inspection:** Each facility must report the inspection dates and actions taken to maintain the final cover. Quarterly. No action needed

**Ground Water Monitoring:** Each facility required to conduct ground water monitoring must submit a ground water monitoring report, which contains water elevations, sampling results, and statistical analyses. Check if exempt ☒

**Explosive Gas Monitoring:** Each facility required to conduct gas monitoring must submit a gas monitoring report. Check if exempt ☒

Signature: [Signature]

Date: 3-1-08

Signature should be by an executive officer, general partner, proprietor, elected official, or a duly authorized representative. A duly authorized representative must meet the requirements of the solid waste rules (UAC R315-310-2(4)(d)).
